REFERENCE

Ferdous Mikdad
Creative Designer, WPPOOL

PROFILE

I began my career as a coder at a young age, gaining over 7 years of hands-on experience in tech. Over time, I found myself drawn to the creative and strategic side of marketing and recently made the exciting shift.
Along the way, I've worked across web development, SEO, UI/UX, analytics, and content creation. Now, I enjoy the challenge of combining technical skills with marketing strategy to experiment and get the result that actually works.

WORK EXPERIENCE

Digivally — OCT, 2024 - MAR, 2025
